SUBJECT INDEX*

A

Abdominal wound closure—a comparison of monofilament nylon and polyglycolic acid (Bucknall and Ellis), 672
Abscess, pancreatic, "marsupialization" in treatment of (Davidson and Bradley), 252
Acid, comparison of monofilament nylon and polyglycolic—abdominal wound closure (Bucknall and Ellis), 672
  free fatty, pulmonary injury caused by: evaluation of steroid and albumin therapy (Broe et al), 582
  secretion, histamine-stimulated gastric in dog, controlled intragastric pH and cimetidine inhibition of (Larsen, Moody, Cheung), 196
Adenoma(s), parathyroid, spontaneous cervical hematoma: rare manifestation of (Jordan, Harness, Thompson), 697
  villous, of rectum (letter) (Nivatvongs), 400
Albumin synthesis and nitrogen balance, effect of isocaloric fat or glucose on, in patients receiving amino acid infusion (Skillman et al), 168
Allografts, canine liver cell, increased immunogenicity of (letter) (Toledo-Pereyra, Gordon, MacKenzie), 640
Ambulate patient with vascular graft in groin, when to (Kerstein), 102
Amino acid infusion, effect of isocaloric fat or glucose on albumin synthesis and nitrogen balance in patients receiving (Skillman et al), 168
Amputation, forefoot, index of healing: toe blood pressure by photoplethysmography (Bone and Pomajzl), 569
Anastomosis(es), arteriovenous, and fistula, acute physiologic effects of, in revascularizing ischemic canine hind limb (Ferard et al), 485
  colorectal, unusual complication following use of circular stapling instrument for: rectal membrane (Brain, Lorber, Fiddian-Green), 271
  low anterior colon, in dogs, comparative radiographic study of (Bubrick, Lundeen, Hitchcock), 454
  reliable microvascular, new modification to obtain: everting method (Sasaki and Harii), 558
Aneurysm(s), abdominal aortic, resection of, in presence of horseshoe kidney (Starr, Foster, Morris), 387
  abdominal, diagnosis of (editorial) (Robicsek), 275
  descending thoracic aorta, graft replacement of: results without bypass or shunting (Crawford et al), 73
  evaluation of, by computed tomography (Pond and Hillman), 216
  high internal carotid artery: new approach (Purdue, Pellegrini, Arena), 268
  ruptured hepatic artery, with hepatic artery-to-portal vein fistula: preservation of portal flow by autogenous vein reconstruction (McKinnon et al), 626
Angiography, incidence of vascular injury and indications for: first rib fracture (Phillips, Rogers, Gaspar), 42
  predicted hyperemic: technique of distal arteriography in severely ischemic leg (Feins et al), 202
Angioplasty, intraoperative transluminal, treatment of innominate artery stenosis by (Lowman et al), 565
  transluminal, hemodynamic assessment of, for lower extremity ischemia (O'Mara et al), 106
Ankle pressure, Doppler, variability of with arterial occlusive disease: evaluation of ankle index and brachial-ankle pressure gradient (Baker and Dix), 134
Antigen levels, carcinoembryonic, are of value in curative management of colorectal cancer? (Wanebo), 290
Antithrombin deficiency—cause of unexplained thrombosis in vascular surgery (Towne et al), 735
  III deficiency, surgical implications of (Karl et al), 429
Aorta, abdominal, leiomyosarcoma of: case report (Millili, LaFlare, Nemir), 631
  descending thoracic, graft replacement of aneurysm in: results without bypass or shunting (Crawford et al), 73
Aortofemoral graft: detection and identification of healing complications by ultrasonography (Gooding, Effeney, Goldstone), 94
Aortoiliac disease, impotence in, penile pressure in evaluation of (Gaylis), 277
Apoprotein B, reduced, and increased lipoprotein turnover in cholesterol-fed rabbits after partial ileal bypass (Sirtori et al), 243
Arch complex, interrupted aortic, in neonates, anatomic correction of (Bailey et al), 553

*January, pp 1-140; February, pp 141-278; March, pp 279-400; April, pp 401-526; May, pp 527-644; June, pp 645-786

Arterial disease, occlusive, of lower extremity, newer prosthetic material compared with autogenous saphenous vein for (Cranley and Hafner), 2
injury during perfusion preservation: possible cause of posttransplantation renal artery stenosis (Oakes et al), 210
Arteriography, computerized intravenous: technique for visualizing peripheral vascular system (Turnipseed et al), 118
Artery, brachial, reconstruction using heparin-bonded Sundt shunt (Chitwood et al), 355
high internal carotid, aneurysms of: new approach (Purdue, Pellegrini, Arena), 268
iliofemoral, revascularization, obturator foramen bypass: alternative procedure in (van Det and Brands), 543
inferior epigastric, use of, for extracorporeal microvascular branch renal artery reconstruction (Novick), 513
internal carotid, critical stenosis of (Archie and Feldtman), 67
occluded superficial femoral, management options for (introduction) (Baird), 1
occlusion, chronic total renal: effects of treatment on secondary hypertension and renal function (Whitehouse et al), 753
peroneal, vein grafts to (Graham and Hanel), 264
superficial femoral, endarterectomy, long-term results in (Walker et al), 23
totally occluded internal carotid, surgical management of: ten-year study (Hafner and Tew), 710
Ascites, refractory, failure of LeVeen shunting in—view from other side (Grischkan et al), 304
Aspiration pneumonia: treatment with osmotically active agents (Toung et al), 588

B

Back, common carotid, pressure measurements, significance of (Lord et al), 443
Balloon catheter dilatation in patients with failing arteriovenous fistulas (Lawrence, Miller, Mineau), 439
Bicarbonate secretion, gastric: effect of pH and topical 16-16 dimethyl prostaglandin E_2 (Kauffman and Steinbach), 324
Bile acids, dihydroxy and trihydroxy, in canine gastric mucosa, differing ulcerogenic potential of (Ritchie and Felger), 342
duct, heterotopic gastric tissue of (Kalman, Stone, Phillips), 384
polyp, benign, and solitary hepatic cyst: a heretofore unheralded association (Austin et al), 359
salt composition and concentration as determinants of canine gastric mucosal injury (Harmon, Lewis, Gadacz), 348
Biomedical science and peripheral vascular surgery: presidential address (Midwestern Vascular Surgical Society) (Stanley), 705
Bladder, urinary, unsuspected intraperitoneal perforation of, as an iatrogenic disorder (Spees et al), 224
Blood flow, gut, determination, use of microspheres (letter) (Gelman), 526
Bone wax, effects of, on bacterial clearance (Johnson and Fromm), 206
Bowel obstruction, small: role of nonoperative treatment in simple intestinal obstruction and predictive criteria for strangulation obstruction (Bizer et al), 407
Breast, early cancer of ($T_1N_0M_0$ and $T_2N_0M_0$) on basis of histologic characteristics (Nealon et al), 279
Burned animals, severely, improved survival in, using intravenous *Cornybacterium parvum* vaccine post injury (Stinnett et al), 237
Bypass, femoropopliteal, to isolated popliteal segment: is polytetrafluoroethylene graft acceptable? (Veith, Gupta, Daly), 296
graft, multiple sequential distal: improving nature's alternatives (Burdick et al), 536
obturator foramen: alternative procedure in iliofemoral artery revascularization (van Det and Brands), 543
partial ileal, reduced apoprotein B and increased lipoprotein turnover in cholesterol-fed rabbits after (Sirtori et al), 243
patency, early tibial, correlation of foot arterial anatomy with (O'Mara et al), 743

C

Cancer(s), breast ($T_1N_0M_0$ and $T_2N_0M_0$), early, treatment of, on basis of histologic characteristics (Nealon et al), 279
colorectal, are carcinoembryonic antigen levels of value in curative management of? (Wanebo), 290
head and neck, preoperative irradiation for; results of prospective study (Terz, King, Lawrence), 449
visceral, control of fever associated with, by indomethacin (Warshaw, Carey, Robinson), 414
Carcinoma, bronchogenic, and CAT (letter) (Pugatch, Daly, Faling), 643; Reply (Rossi), 644
Cardiac arrest, ischemic, hyperosmolar reperfusion following: critical importance of timing of mannitol administration on preservation of myocardial structure and function (Schaff et al), 141
Carotid artery, aneurysm of high internal: new approach (Purdue, Pellegrini, Arena), 268
external, revascularization, increased cerebral blood flow after (Zarins et al), 730
internal, critical stenosis of (Archie and Feldtman), 67
totally occluded internal, surgical management of: ten-year study (Hafner and Tew), 710
common, back pressure measurements, significance of (Lord et al), 443
endarterectomy, emergency, for fluctuating neurologic deficits (Mentzer et al), 60
motor speech malfunction following (Liapis et al), 56
imaging, real-time B-mode, in diagnosis of cerebrovascular disease (Comerota, Cranley, Cook), 718
CAT and bronchogenic carcinoma (letter) (Pugatch, Daly, Faling), 643; Reply (Rossi), 644
Catheters, nonrefluxing central venous, in children (Jewell, Klein, Philippart), 329
Cerebrovascular disease, real-time B-mode carotid imaging in diagnosis of (Comerota, Cranley, Cook), 718
Children, nonrefluxing central venous in (Jewell, Klein, Philippart), 329
Cholecystitis, experimental, gallbladder function in: reversal of inflammatory net fluid "secretion" into gallstone by indomethacin (Svanvik, Thornell, Zettergren), 500
Choledocholithotomy, coagulum: preliminary report (Wels, Rainstein, Heller) 192
Cimetidine inhibition of histamine-stimulated gastric acid secretion in dog, controlled intragastric pH and (Larsen, Moody, Cheung), 196
Clerkship performance, concordance of surgical, and National Board of Medical Examiners Part II subtest scores: validation model (Benenson, Stimmel, Aufses), 692
Closure, colostomy, risk factors in (Varnell and Pemberton), 683
Coagulum choledocholithotomy: preliminary report (Wels, Rainstein, Heller), 192
Colloid or crystalloid in resuscitation of hemorrhagic shock: controlled clinical trial (Moss et al), 434
Colon anastomoses, low anterior, in dogs, comparative radiographic study of (Bubrick, Lundeen, Hitchcock), 454
ulcers, discrete, as cause of lower gastrointestinal bleeding and perforation in end-stage renal disease (Mills, Zuckerman, Sicard), 548
Colostomy closure, risk factors in (Varnell and Pemberton), 683
Common duct stones, retained, effect of monooctanoin on (Gadacz), 527
Computerized intravenous arteriography: technique for visualizing the peripheral vascular system (Turnipseed et al), 118
Conduits for leg revascularization, comparison of (Weisel et al), 8
Congenital diaphragmatic hernia: pathophysiology and pharmacologic support (Bloss, Aranda, Beardmore), 518
Cornybacterium parvum vaccine, using intravenous, improved survival in severely burned animals post injury (Stinnett et al), 237
Crystalloid, or colloid, in resuscitation of hemorrhagic shock: controlled clinical trial (Moss et al), 434
Cyst, solitary hepatic, and benign bile duct polyp: a heretofore unheralded association (Austin et al), 359
Cytomegalovirus infection: quantitative prospective study of three hundred twenty consecutive renal transplants (Marker et al), 660

D

Defect, postinfarction ventricular septal: argument for early operation (Gaudiani et al), 48
Denervation, lung, effect of, on development of pulmonary edema (Grauer et al), 617
Dihydroxy and trihydroxy bile acids in canine gastric mucosa, differing ulcerogenic potential of (Ritchie and Felger), 342
Dilatation, balloon catheter, in patients with failing arteriovenous fistulas (Lawrence, Miller, Mineau), 439
Dimethyl PGE_2, topical 16,16-, prevents alcohol-induced damage in canine gastric mucosa (Miller and Henagan), 494
Dissection, regional lymph node, for malignant melanoma of extremities (Roses et al), 654
Doppler ankle pressure, variability of, with arterial occlusive disease: evaluation of ankle index and brachial-ankle pressure gradient (Baker and Dix), 134

E

Edema, pulmonary, effect of lung denervation on development of (Grauer et al), 617
Electrocardiogram, monitoring, value of, during treadmill testing for peripheral vascular disease (McCabe et al), 183
Endarterectomy, carotid, motor speech malfunction following (Liapis et al), 56
  emergency carotid, for fluctuating neurologic deficits (Mentzer et al), 60
  superficial femoral artery, long-term results in (Walker et al), 23
Endorphins, and opiate receptors, in pathophysiology of hemorrhagic shock (Gurll et al), 364
Energy expenditure, nitrogen balance, and norepinephrine excretion after injury (Askanazi et al), 478
Erosions, aspirin-induced gastric mucosal, focal microcirculatory changes during production of (McGreevy and Moody), 337
Esophagus, granular cell myoblastoma of (Howe and Postlethwait), 701
Everting method: new modification to obtain reliable microvascular anastomosis (Sasaki and Harii), 558
Examinations, paper-and-pencil—what they can and cannot do (editorial) (Chase), 770
Extremity(ies), lower, prognostic model for clinical stage I melanoma of: location on foot as independent risk factor for recurrent disease (Day et al), 599
  malignant melanoma of, regional lymph node dissection for (Roses et al), 654
  upper, transaxillary sympathectomy (T_2 to T_4) for relief of vasospastic/sympathetic pain of (Berguer and Smit), 764

F

Fat, isocaloric, or glucose, effect of, on albumin synthesis and nitrogen balance in patients receiving amino acid infusion (Skillman et al), 168
Femoral artery, occluded superficial, management options for (introduction) (Baird), 1
  superficial, endarterectomy, long-term results in (Walker et al), 23
Femoropopliteal grafts, expanded polytetrafluoroethylene: forty-eight-month follow-up (Evans et al), 16
Fever, control of, associated with visceral cancers by indomethacin (Warshaw, Carey, Robinson), 414
Fistula(s), aorta-left renal vein: hemodynamic monitoring and timing of operation (Merrill and Ernst), 678
  and arteriovenous anastomosis, acute physiologic effects of, in revascularizing ischemic canine hind limb (Ferard et al), 485
  failing arteriovenous, balloon catheter dilatation in patients with (Lawrence, Miller, Mineau), 439
Foot arterial anatomy, correlation of, with early tibial bypass patency (O'Mara et al), 743
Fractures, first rib: incidence of vascular injury and indications for angiography (Phillips, Rogers, Gaspar), 42
Free fatty acid, pulmonary injury caused by: evaluation of steroid and albumin therapy (Broe et al), 582

G

Gallbladder function in experimental cholecystitis: reversal of inflammatory net fluid "secretion" into gallstone by indomethacin (Svanvik, Thornell, Zettergren), 500
Gastric mucosa, canine, differing ulcerogenic potential of dihydroxy and trihydroxy bile acids in (Ritchie and Felger), 342
  topical 16,16-dimethyl PGE_2 prevents alcohol-induced damage (Miller and Henagan), 494
  mucosal erosions, aspirin-induced, focal microcirculatory changes during production of (McGreevy and Moody), 337
  injury, canine, bile salt composition and concentration as determinants of (Harmon, Lewis, Gadacz), 348
  tissue, heterotopic, of bile duct (Kalman, Stone, Phillips), 384
Gluconeogenesis, and glucose turnover, in patient with somatostatinoma (Lowry, Burt, Brennan), 309
Glucose or isocaloric fat, effect of, on albumin synthesis and nitrogen balance in patients receiving amino acid infusion (Skillman et al), 168
  turnover and gluconeogenesis in patient with somatostatinoma (Lowry, Burt, Brennan), 309
Gut blood flow determination, use of microspheres for (letter) (Gelman), 526
Graft(s), aortofemoral: detection and identification of healing complications by ultrasonography (Gooding, Effeney, Goldstone), 94
  expanded polytetrafluoroethylene femoropopliteal: forty-eight-month follow-up (Evans et al), 16
  multiple sequential distal bypass: improving nature's alternatives (Burdick et al), 536
  polytetrafluoroethylene, is acceptable: femoropopliteal bypass to isolated popliteal segment? (Veith, Gupta, Daly), 296
  replacement of aneurysm in descending thoracic aorta: results without bypass or shunting (Crawford et al), 73
  vascular, in groin, when to ambulate patient with (Kerstein), 102
  vein, to peroneal artery (Graham and Hanel), 264
Groin pain, obscure, positive contrast herniography in adult patients with (Ekberg, Blomquist, Olsson), 532
  vascular graft in, when to ambulate patient with (Kerstein), 102

H

H^+ back diffusion stimulating gastric mucosal blood flow in rabbit fundus (Starlinger et al), 232
Head and neck cancer, preoperative irradiation for: results of prospective study (Terz, King, Lawrence), 449
Hematoma, spontaneous cervical: rare manifestation of parathyroid adenoma (Jordan, Harness, Thompson), 697
Hemodynamic assessment of transluminal angioplasty for lower extremity ischemia (O'Mara et al), 106
Hemoglobin, mechanisms of adjuvant effect of, in experimental peritonitis. IV. Adjuvant effect of hemoglobin in granulocytopenic rats (Hau, Lee, Simmons), 187
Hernia, congenital diaphragmatic: pathophysiology and pharmacologic support (Bloss, Aranda, Beardmore), 518
Herniography, positive contrast, in adult patients with obscure groin pain (Ekberg, Blomquist, Olsson), 532
Hyperosmolar reperfusion following ischemic cardiac arrest: critical importance of timing of mannitol administration on preservation of myocardial structure and function (Schaff et al), 141
Hypertension, inferior vena caval, in portosystemic shunts (letter) (Adar), 400

I

Impotence in aortoiliac disease, penile pressure in evaluation of (Gaylis), 277
  vasculogenic, multidisciplinary approach to (Nath et al), 124
Indomethacin, control of fever associated with visceral cancers by (Warshaw, Carey, Robinson), 414
  reversal of inflammatory net fluid "secretion" into gallstone by: gallbladder function in experimental cholecystitis (Svanvik, Thornell, Zettergren), 500

Infection, cytomegalovirus: quantitative prospective study of three hundred twenty consecutive renal transplants (Marker et al), 660
Insulin half-life in man after trauma (Meguid et al), 650
Irradiation, preoperative, for head and neck cancer: results of prospective study (Terz, King, Lawrence), 449
Ischemia, lower extremity, hemodynamic assessment of transluminal angioplasty for (O'Mara et al), 106
Ischemic cardiac arrest, hyperosmolar reperfusion following: critical importance of timing of mannitol administration on preservation of myocardial structure and function (Schaff et al), 141

K

Kidney, horseshoe, resection of abdominal aortic aneurysm in presence of (Starr, Foster, Morris), 387

L

Leiomyosarcoma of abdominal aorta: case report (Millili, LaFlare, Nemir), 631
originating in internal iliac vein and extending into heart via inferior vena cava, resection of (Kaku et al), 604
Leg revascularization, comparison of conduits for (Weisel et al), 8
severely ischemic, predicted hyperemic angiography: technique of distal arteriography in (Feins et al), 202
Leriche syndrome, populations with (Stubbs et al), 612
LeVeen shunting, failure of, in refractory ascites—a view from other side (Grischkan et al), 304
Lipoprotein, increased, and reduced aprotein B turnover in cholesterol-fed rabbits after partial ileal bypass (Sirtori et al) 243
Liver cell allografts, canine, increased immunogenicity of (letter) (Toledo-Pereyra, Gordon, MacKenzie), 640
Lung denervation, effect of, on development of pulmonary edema (Grauer et al), 617
injury, endotoxin-induced, effect of prostacyclin infusion on (Demling et al), 257
primate, effects of oxygen toxicity on regional ventilation and perfusion in (Moran et al), 575
unrecognized intraoperative torsion of (Oddi et al), 390
Lymph node, regional, dissection for malignant melanoma of extremities (Roses et al), 654

M

Malignancy, intra-abdominal, peritoneoscopy—use in assessment of (Coupland, Townend, Martin), 645
"Marsupialization" in treatment of pancreatic abscess (Davidson and Bradley) 252
Mastectomy, radical, is demise of premature? (editorial) (DeCosse), 398
Melanoma of lower extremity, clinical stage I, prognostic model for: location on foot as independent risk factor for recurrent disease (Day et al), 599
malignant, of extremities, regional lymph node dissection for (Roses et al), 654
Monooctanoin, effect of, on retained common duct stones (Gadacz), 527
Motility, gastrointestinal and biliary, myoelectric control of: review (Becker, Duff, Moody), 466
Motor speech malfunction following carotid endarterectomy (Liapis et al), 56
Myoblastoma, granular cell, of esophagus (Howe and Postlethwait), 701

N

National Board of Medical Examiners Part II subtest scores, concordance of surgical clerkship performance and: validation model (Benenson, Stimmel, Aufses), 692
Neck, and head, cancer, preoperative irradiation for: results of prospective study (Terz, King, Lawrence), 449
Nerve stimulation, effect of transcutaneous electric, on postoperative pain and pulmonary function (Ali, Yaffe, Serrette), 507
sympathetic, in dogs, pyloric motor response to (Lerman et al), 460
Nitrogen balance and albumin synthesis in patients receiving amino acid infusion, effect of isocaloric fat or glucose on (Skillman et al), 168
energy expenditure, and norepinephrine excretion after injury (Askanazi et al), 478
Norepinephrine excretion, energy expenditure, and nitrogen balance after injury (Askanazi et al), 478
Nutritional support system, balanced, therapeutic advantages of (Kirkpatrick et al), 370

O

Obstetric patient, alteration of occlusive cuff impedance plethysmography results in (Clarke-Pearson and Jelovsek), 594
Obstruction, small bowel: role of nonoperative treatment in simple intestinal obstruction and predictive criteria for strangulation obstruction (Bizer et al), 407
Occluded superficial femoral artery, management options for (introduction) (Baird), 1
Occlusion, chronic total renal artery: effects of treatment on secondary hypertension and renal function (Whitehouse et al), 753
massive venous, measurement of intramuscular pressure in management of (Saffle et al), 394
Occlusive arterial disease of lower extremity, newer prosthetic material compared with autogenous saphenous vein for (Cranley and Hafner), 2
Ocular pneumoplethysmography (letter) (Gee), 138; Reply (Tao and Bergan), 138
Omphalocele: Treatment options (Knight, Buckner, Vassy), 332
Oxygen toxicity, effects of, on regional ventilation and perfusion in primate lung (Moran et al), 575

P

Pain, postoperative, and pulmonary function, effect of transcutaneous electric nerve stimulation on (Ali, Yaffe, Serrette), 507
Pancreatitis, acute gallstone, urgent duodenoscopic sphincterotomy for: preliminary report (Safrany and Cotton), 424
Pancreatolithiasis, experimental, in dog (Konishi et al), 687
Paper-and-pencil examinations—what they can and cannot do (editorial) (Chase), 771
Parathyroid map (Turner and Snyder), 770
surgery, reoperative, strategy and technique of (Saxe and Brennan), 417
Patency, early tibial bypass, correlation of foot arterial anatomy with (O'Mara et al), 743
Penile pressure in evaluation of impotence in aortoiliac disease (letter) (Gaylis), 277
Perfusion preservation, arterial injury during: possible cause of posttransplantation renal artery stenosis (Oakes et al), 210
Perforation, unsuspected intraperitoneal of urinary bladder as iatrogenic disorder (Spees et al), 224
Peritoneoscopy—use in assessment of intra-abdominal malignancy (Coupland, Townend, Martin), 645
Peritonitis, experimental, mechanisms of adjuvant effect of hemoglobin in. IV. Adjuvant effect of hemoglobin in granulocytopenic rats (Hau, Lee, Simmons), 187
pH, controlled intragastric, and cimetidine inhibition of histamine-stimulated gastric acid secretion in dog (Larsen, Moody, Cheung), 196
Photoplethysmography, toe blood pressure by: index of healing in forefoot amputation (Bone and Pomajzl), 569
Plethysmography, occlusive cuff impedance, alterations of, results in obstetric patient (Clarke-Pearson and Jelovsek), 594
Pneumonia, aspiration: treatment with osmotically active agents (Toung et al), 588
Pneumoperitoneum in infants without gastrointestinal perforation (Zerella and McCullough), 163
Polyp, benign bile duct, and solitary hepatic cyst: a heretofore unheralded association (Austin et al), 359
Polyposis, familial, sparing rectum in: causes for failure (Gingold and Jagelman), 314

Polytetrafluoroethylene femoropopliteal grafts, expanded: forty-eight-month follow-up (Evans et al), 16
graft acceptable, is: femoropopliteal bypass to isolated popliteal segment? (Veith, Gupta, Daly), 296
Pressure, intramuscular, measurement of, in management of massive venous occlusion (Saffle et al), 394
measurements, significance of common carotid back (Lord et al), 443
Prostacyclin infusion, effect of, on endotoxin-induced lung injury (Demling et al), 257
Prosthetic material, newer, compared with autogenous saphenous vein for occlusive arterial disease of lower extremity (Cranley and Hafner), 2
Pseudo-obstruction, chronic primary intestinal (Hanks et al), 175
Pulmonary injury caused by free fatty acid: evaluation of steroid and albumin therapy (Broe et al), 582

R

Radioimmunoassay measurement of substance P release following meat meal (Akande et al), 378
Randomized surgical trials: right choice (letter) (Lacaine), 640; Reply (van der Linden), 640
Rates, surgical, in United States; 1966 to 1978 (Rutkow and Zuidema), 151
Receptors, opiate, and endorphins in pathophysiology of hemorrhagic shock (Gurll et al), 364
Reconstruction, autogenous vein, preservation of portal flow by: ruptured hepatic artery aneurysm with hepatic artery-to-portal vein fistula (McKinnon et al), 626
brachial artery, using heparin-bonded Sundt shunt (Chitwood et al), 355
extracorporeal microvascular branch renal artery, use of inferior epigastric artery for (Novick), 513
Rectal membrane: unusual complication following use of circular stapling instrument for colorectal anastomosis (Brain, Lorber, Fiddian-Green), 271
Rectum, sparing, in familial polyposis: causes for failure (Gingold and Jagelman), 314
villous adenomas of (letter) (Nivatvongs), 400
Renal artery occlusion, chronic total: effects of treatment on secondary hypertension and renal function (Whitehouse et al), 753
disease, end-stage, discrete colon ulcers as cause of lower gastrointestinal bleeding and perforation in (Mills, Zuckerman, Sicard), 548
vein, aorta-left, fistula: hemodynamic monitoring and timing of operation (Merrill and Ernst), 678
Reperfusion, hyperosmolar, following ischemic cardiac arrest: critical importance of timing of mannitol administration on preservation of myocardial structure and function (Schaff et al), 141
Replacement, new, for small vessels (Perloff et al), 31
Resection of leimyosarcoma originating in internal iliac vein and extending into heart via inferior vena cava (Kaku et al), 604
Revascularization, external carotid artery, increased cerebral blood flow after (Zarins et al), 730
iliofemoral artery, obturator foramen bypass: alternative procedure in (van Det and Brands), 543
leg, comparison of conduits for (Weisel et al), 8
Rib fractures, first: incidence of vascular injury and indications for angiography (Phillips, Rogers, Gaspar), 42

S

Salt water, expensive (editorial) (Monafo), 525
Saphenous vein, autogenous, newer prosthetic material compared with, for occlusive arterial disease of lower extremity (Cranley and Hafner), 2
Secretion, gastric bicarbonate: effect of pH and topical 16-16 dimethyl prostaglandin E_2 (Kauffman and Steinbach), 324
Shock, hemorrhagic, colloid or crystalloid in resuscitaion of: controlled clinical trial (Moss et al), 434
opiate receptors and endorphins in pathophysiology of (Gurll et al), 364
Shunt(s), heparin-bonded Sundt, brachial artery reconstruction using (Chitwood et al), 355
portosystemisc, inferior vena caval hypertension in (letter) (Adar), 400
Thomas, surgical management of infected (Currier et al), 375
Shunting, failure of LeVeen, in refractory ascites—a view from other side (Grischkan et al), 304
16,16-dimethyl PGE_2, topical, prevents alcohol-induced damage in canine gastric mucosa (Miller and Henagan), 494
prostaglandin E_2, effect of pH and: gastric bicarbonate secretion (Kauffman and Steinbach), 324
Sphincterotomy, urgent duodenoscopic, for acute gallstone pancreatitis: preliminary report (Safrany and Cotton), 424
Somatostatinoma, glucose turnover and gluconeogenesis in patient with (Lowry, Burt, Brennan), 309
Speech, motor, malfunction following carotid endarterectomy (Liapis et al), 56
Stapling instrument, circular, unusual complication following use of, for colorectal anastomosis: rectal membrane (Brain, Lorber, Fiddian-Green), 271
Stenosis, critical, of internal carotid artery (Archie and Feldtman), 67
innominate artery, treatment of, by intraoperative transluminal angioplasty (Lowman et al), 565
posttransplantation renal artery, arterial injury during perfusion preservation: possible cause of (Oakes et al), 210
Stimulation, sympathetic nerve, in dogs, pyloric motor response to (Lerman et al), 460
transcutaneous electric nerve, effect of, on postoperative pain and pulmonary function (Ali, Yaffe, Serrette), 507
Stones, retained common duct, effect of monooctanoin on (Gadacz), 527
Substance P release following meat meal, radioimmunoassay measurement of (Akande et al), 378
Sundt shunt, heparin-bonded, brachial artery reconstruction using (Chitwood et al), 355
Surgery, peripheral vascular, and biomedical science: presidential address (Stanley), 705
reoperative parathyroid, strategy and technique of (Saxe and Brennan), 417
Surgical rates in United States: 1966 to 1978 (Rutkow and Zuidema), 151
Sympathectomy, transaxillary (T_2 to T_4) for relief of vasospastic/sympathetic pain of upper extremities (Berguer and Smit), 764
Syndrome, Leriche, populations with (Stubbs et al), 612
thoracic outlet, evoked responses in diagnosis of (Glover et al), 86

T

Testing, treadmill, for peripheral vascular disease, value of electrocardiogram monitoring during (McCabe et al), 183
Thigh pressure artifacts with noninvasive techniques in experimental model (Bernstein et al), 319
Thomas shunts, surgical management of infected (Currier et al), 375
Thoracic aorta, descending, graft replacement of aneurysm in: results without bypass or shunting (Crawford et al), 73
outlet syndrome, evoked responses in diagnosis of (Glover et al), 86
Thrombosis, unexplained, cause of—antithrombin deficiency (Towne et al), 735
Toe blood pressure by photoplethysmography: index of healing in forefoot amputation (Bone and Pomajzl), 569
Tomography, computed, evaluation of aneurysms by (Pond and Hillman), 216
Torsion of lung, unrecognized intraoperative (Oddi et al), 390
Tracheostomy in neonates and small infants: problems and pitfalls (Tepas et al), 635
Transaxillary sympathectomy (T_2 to T_4) for relief of vasospastic/sympathetic pain of upper extremities (Berguer and Smit), 764
Transplants, renal, cytomegalovirus infection: quantitative prospective study of three hundred twenty consecutive (Marker et al), 660

Transposition, valvular (letter) (Warren), 139; Reply (Bergan and Yao), 140
Trauma, insulin half-life in man after (Meguid et al), 650
Trihydroxy, and dihydroxy, bile acids in canine gastric mucosa, differing ulcerogenic potential of (Ritchie and Felger), 342
Twins, conjoined (Siamese) xiphopagus, surgical separation of (Messmer, Hörnchen, Kösters,), 622

U

Ulcers, discrete colon, as cause of lower gastrointestinal bleeding and perforation in end-stage renal disease (Mills, Zuckerman, Sicard), 548
Ultrasonography, detection and identification of healing complications by: aortofemoral graft (Gooding, Effeney, Goldstone), 94

V

Vaccine, *Cornybacterium parvum*, improved survival in severely burned animals using intravenous, post injury (Stinnett et al), 237
Valvular transposition (letter) (Warren), 139; Reply (Bergan and Yao), 140
Ventricular septal defect, postinfaction: argument for early operation (Gaudiani et al), 48
Vessels, new replacement for small (Perloff et al), 31

W

Wangensteen, Owen H. (Ballinger and Zuidema), 401
Dr. Owen H., a tribute—the chief (Leonard), 402
Wound closure, abdominal—comparison of monofilament nylon and polyglycolic acid (Bucknall and Ellis), 672

SUBJECT INDEX*

A

ABO (H) cell surface antigens in parathyroid adenoma and hyperplasia (Woltering et al), 1
Abscess(es), pancreatic (letter) (Sollinger), 1103
  pelvic, technique for transrectal drainage of (Johnson), 108
    transrectal drainage of (letter) (Ochsner), 1102
Acid(s), amino, singly administered branched-chain in injured rat, nitrogen-sparing mechanisms of (Freund, James, Fischer), 237
  and gastric contractile activity, synergism between, in genesis of ulceration and hemorrhage in phenylbutazone-treated rat (Mersereau and Hinchey), 516
  oral chenodeoxycholic, treatment of choledocholithiasis with (Sue et al), 32
Actinomycosis of common bile duct presenting as chronic cholecystitis (Hadley, Porschen, Juler), 117
Adenoma(s), double, parathyroid: Fact or fiction? (Verdonk and Edis), 523
  parathyroid, and hyperplasia, ABO (H) cell surface antigens in (Woltering et al), 1
    hyperplasia versus—Clinical or histologic diagnosis (editorial) (Sicard), 125
Adenylate cyclase stimulation, and thyrotropin binding, in thyroid neoplasms (Clark et al), 252
Allografts, exposed renal, skin autografts to cover (Paley et al), 910
Amino acid(s) metabolism in sepsis, effects of hyperalimentation and infused leucine on: An experimental study in vivo (Lindberg and Clowes), 278
    plasma, patterns in experimental acute hepatic failure: Comparison between hepatectomy and liver devascularization in pigs (Mazziotti et al), 527
  singly administered branched-chain in injured rat, nitrogen-sparing mechanisms of (Freund, James, Fischer), 237
Anastomotic hyperplasia (editorial) (Madras et al), 922
Anesthesiology, current relations between surgery and—A look at other side: Presidential address (Freeark), 565
  for surgeon—Alice through looking glass (editorial) (Rogers), 919
Aneurysm(s), anastomotic, pathogenesis of (Gaylis), 509
  complicated thoracic anastomotic, extrapleural and extraperitoneal staged technique in successful management of (Kwaan, Humphrey, Connolly), 554
  gastroduodenal-pancreaticoduodenal (letter) (Eckhauser), 563
  isolated atherosclerotic, rupture of (Feldman and Berguer), 914
  popliteal, review of one-hundred forty-seven, with long-term follow-up (Vermilion et al), 1009
  subclavian-axillary artery (Pairolero et al), 757
Aneurysmectomy, abdominal aortic, renal transplant protection during, with pump-oxygenator (Campbell et al), 559
Angiogenesis, wound-healing, regulation of—Effect of oxygen gradients and inspired oxygen concentration (Knighton et al), 262
Angiography, digital video subtraction: Screening technique for renovascular hypertension (Osborne et al), 932
Angiopathy, mesenteric, intestinal gangrene, and midgut carcinoids (Eckhauser et al), 720
Angioplasty, cervical vertebral, for brain stem ischemia (Imparato, Riles, Kim), 842
Anomalies, low anorectal, perineal and transplant in (Saxena et al), 464
Anticoagulation, intraoperative, in cardiovascular surgery (Effeney et al), 1068
Aortography, single-plane, interobserver variability in (Bruins Slot, Strijbosch, Greep), 497
Aortoiliac occlusive disease: Factors influencing survival and function following reconstructive operation over a twenty-five-year period (Crawford et al), 1055
Arginine stimulates lymphocyte inmmune response in healthy human beings (Barbul et al), 244
Arteriographic criteria, discriminant, in management of forearm and hand ischemia (Erlandson et al), 1025
Arteriography, preoperative transcutaneous, influence of: Infections after elective bypass surgery for lower limb ischemia (Landreneau and Raju), 956
Artery(ies) disease, coronary, and brachiocephalic, complex, simultaneous revascularization for (Selle et al), 97
    symptomatic atherosclerotic carotid, aspirin failure in (Carson, Demling, Esquivel), 1084
  superficial femoral and popliteal, as inflow sites for distal bypasses (Veith et al), 980
Aspirin failure in symptomatic atherosclerotic carotid artery disease (Carson, Demling, Esquivel), 1084

*July, pp 1-126; August, pp 127-438; September, pp 439-564; October, pp 565-800; November, pp 801-926; December, pp 927-1118.

Atheroembolism as cause of graft failure in femoral distal reconstruction (Flinn et al), 698
ATP-$MgCl_2$ infusion, effect of, on hepatic cell permeability and metabolism after hemorrhagic shock (Machiedo et al), 328
Autografts, skin, to cover exposed renal allografts (Paley et al), 910
Autotransplantation, determination of parathyroid function after (letter) (Wołoszczuk et al), 795; Reply (Edis), 796
intrahepatic splenic, and intraportal (Greco and Alvarez), 535
of traumatized spleen in man, preservation of splenic function by (Patel et al), 683

B

Bacteremia, multiple-organism, in surgical intensive care unit: Sign of intraperitoneal sepsis (Ing, McLean, Meakins), 779
Bacteria, neutrophil-mediated lung localization of: Mechanism for pulmonary injury (Lanser and Saba), 473
Balloon embolectomy catheters in small arteries. I. Lateral wall pressures and shear forces (Dobrin), 177
Bile duct(s), common, actinomycosis of, presenting as chronic cholecystitis (Hadley, Porschen, Juler), 117
extrahepatic, carcinoma of (Rodgers, Adams, Schwartz), 596
stones, common, percutaneous transhepatic dissolution of (Mack, Crummy, Babayan), 584
Biliary tract surgery and cirrhosis: Critical combination (Schwartz), 577
Blood flow, gastric mucosal, lack of sustained vagal control of: Why vagotomy is not effective in preventing recurrent hemorrhage from stress ulcers (Levine, Gaskill, Sirinek), 631
Bowel obstruction, rare cause of—Pancreatic heterotopia (Anseline et al), 110
Brachiocephalic, complex, and coronary artery disease, simultaneous revascularization for (Selle et al), 97
Breast cancer (letter) (Mueller), 924; Reply (Nealon), 925; Reply (DeCosse), 925
disease, benign, biochemical subgrouping of, to define premalignant potential (Minton et al), 652
coffee and tea consumption and (Lawson, Jick, Rothman), 801
methylxanthine-related fibrocystic, clinical and biochemical studies on (Minton et al), 299
Broviac catheter placement, alternative technique for: Direct central vein puncture for silicone rubber catheter insertion (Stellato, Gauderer, Cohen), 896
Burns, experimental, proteolytic activity of blowfly larvae secretions in (Vistnes, Lee, Ksander), 835
Bypass(es), distal, superficial femoral and popliteal arteries as inflow sites for (Veith et al), 980
extracranial-intracranial arterial, improved neurologic function after cerebrovascular accident with (Rhodes, Spetzler, Roski), 433
femorofemoral, for claudication, assessment of donor limb hemodynamics in (Harris et al), 764
gastric: Analysis of weight loss and factors determining success (Halverson and Koehler), 446
infrapopliteal arterial, for limb salvage: Increased patency and utilization of saphenous vein used "in situ" (Leather, Shah, Karmody), 1000
and partitioning, gastric, mechanisms of satiety and gastric emptying after (Villar et al), 229
surgery, elective, for lower limb ischemia, infections after: Influence of preoperative transcutaneous arteriography (Landreneau and Raju), 956
gastric, prophylactic cefazolin in (Pories et al), 426

C

Cancer, breast (letter) (Mueller), 924; Reply (Nealon), 925; Reply (DeCosse), 925
genetic predisposition to: Distinquished address (Marks), 132
metastatic colorectal, to liver, resection of (letter) (Wallack), 796; Reply (Wanebo), 797
effect of cytotoxic agents on protein kinetics in patients with (Herrmann et al), 381
thyroid, reevaluation of needle aspiration cytology in detection of (Rosen et al), 747
Carcinoids, midgut, mesenteric angiopathy, and intestinal gangrene (Eckhauser et al), 720
Carcinoma of anal canal (Schneider and Schulte), 729
of extrahepatic bile ducts (Rodgers, Adams, Schwartz), 596
Cardiopulmonary monitoring, noninvasive (San Filippo et al), 313
Cardiovascular surgery, intraoperative anticoagulation in (Effeney et al), 1068
natural history of asymptomatic carotid disease in patients undergoing (Barnes et al), 1075
Carotid artery disease, symptomatic atherosclerotic, aspirin failure in symptomatic (Carson, Demling, Esquivel), 1084
disease, asymptomatic, natural history of, in patients undergoing cardiovascular surgery (Barnes et al), 1075
occlusion, postendarterectomy (Ortega et al), 1093
Catheter(s), balloon embolectomy, in small arteries. I. Lateral wall pressures and shear forces (Dobrin), 177
silicone rubber, insertion, direct central vein puncture for: Alternative technique for Broviac catheter placement (Stellato, Gauderer, Cohen), 896
Cefazolin, prophylactic, in gastric bypass surgery (Pories et al), 426
Cerebrovascular accident, improved neurologic function after, with extracranial-intracranial arterial bypass (Rhodes, Spetzler, Roski), 433
Children, immediate traumatic pulmonary pseudocyst formation in (Blane et al), 872
surgical treatment of ulcerative colitis in (Telander et al), 787
Cholangiopancreatography, endoscopic retrograde, value of: Idiopathic acute pancreatitis (Cooperman et al), 666
Cholecystitis, chronic, actinomycosis of common bile duct presenting as (Hadley, Porschen, Juler), 117
Choledochofiberscope, choledocholithotomy by Yag laser with: Case reports of two patients (Orii et al), 120
Choledocholithiasis, treatment of, with oral chenodeoxycholic acid (Sue et al), 32
Choledocholithotomy by Yag laser with choledochofiberscope: Case reports of two patients (Orii et al), 120
Cimetidine, failure of, to prevent gastroduodenal ulceration and bleeding after renal transplantation (Schiessel et al), 456
protection against lethal tumor challenge in mice (Gifford, Voss, Ferguson), 344
Cirrhosis, biliary tract surgery and: Critical combination (Schwartz), 577
Claudication, femorofemoral bypass for, assessment of donor limb hemodynamics in (Harris et al), 764
Clotting time monitoring, activated, of intraoperative heparinization: Our experience and comparison of two techniques (Mabry et al), 889
Colitis, ulcerative, in children, surgical treatment of (Telander et al), 787
Collis gastroplasty-fundoplication, combined, operations for scleroderma reflux esophagitis (Orringer et al), 624
Colostomy closure (letter) (Tchirkow); Reply (Varnell), 799
Contractile activity, gastric, and acid, synergism between, in genesis of ulceration and hemorrhage in phenylbutazone-treated rat (Mersereau and Hinchey), 516
Coronary artery disease and complex brachiocephalic, simultaneous revascularization for (Selle et al), 97
Cost containment through cost awareness: Strategy that failed (Forrest et al), 154

D

16,16-dimethyl prostaglandin E_2, local effects of, on gastric blood flow and acid secretion (Cheung and Lowry), 291
Disease, aortoiliac occlusive: Factors influencing survival and function following reconstructive operation over a twenty-five-year period (Crawford et al), 1055
asymptomatic carotid, natural history of, in patients undergoing cardiovascular surgery (Barnes et al), 1075
benign breast, biochemical subgrouping of, to define premalignant potential (Minton et al), 652
breast, coffee and tea consumption and (Lawson, Jick, Rothman), 801
symptomatic atherosclerotic carotid artery, aspirin failure in (Carson, Demling, Esquivel), 1084

Dissolution, percutaneous transhepatic, of common bile duct stones (Mack, Crummy, Babayan), 584
Drainage, open peritoneal, as effective treatment of advanced peritonitis (Maetani and Tobe), 804
Dysfunction, pancreaticobiliary sphincter, Nardi test and biliary manometry in diagnosis of (Madura et al), 588

E

Education, continuing medical: Who benefits? (editorial) (Greenburg), 123
Embolectomy catheters, balloon, in small arteries. I. Lateral wall pressures and shear forces (Dobrin), 177
Emboli, mycotic, of peripheral vessels: Analysis of forty-four cases (Vo, Russell, Becker), 541
Endotoxemia in unanesthetized sheep, comparison of effects of saline and homologous plasma infusion on lung fluid balance during (Nylander et al), 221
Endotoxin shock, experimental, an agent for treatment of: Fructose-1,6-diphosphate (Markov et al), 482
Enteral feeding, rationale for, as preferable route for hyperalimentation (McArdle et al), 616
Epinephrine, chromatographic pattern of extrapancreatic glucagon and glucagon-like immunoreactivity before and during stimulation by, and participation of glucagon in epinephrine-induced hepatic glucose overproduction (Lickley et al), 186
Epithelium, canine gastric surface, contrasting effects of vasodilators on oxygen tension and membrane potential of (Bowen et al), 41
Epstein-Barr virus in pathogenesis of posttransplant lymphoproliferative disorders: Clinical, pathologic, and virologic correlation (Hanto et al), 204
Escherichia coli bacteremic shock in dog, skeletal muscle insulin resistance during (Raymond, Harkema, Emerson), 853
Esophagitis, scleroderma reflux, combined Collis gastroplasty-fundoplication operations for (Orringer et al), 624
Exclusion, subtotal gastric, and gastric partitioning: Randomized prospective comparison of one hundred patients (Lechner and Callender), 637
Extremity salvage utilizing microvascular free tissue transfer (Allen et al), 1047

F

Fabrics, implanted, used in operating rooms, peritoneal responses to (Godleski and Gabriel), 828
Fasting, metabolic and endocrine effects of, followed by infusion of five-percent glucose (Elwyn et al), 810
Femoral, superficial, and popliteal arteries as inflow sites for distal bypasses (Veith et al), 980
Fibrosis, cystic, unusual complications in patients with: Colonic polyps and coloduodenal fistula (Mabogunje et al), 114
Fistula(s), coloduodenal, and colonic polyps: Unusual complications in patients with cystic fibrosis (Mabogunje et al), 114
  lateral duodenal, management of: Study of fourteen cases (Malangoni, Madura, Jesseph), 645
Fluid infusion, rapid, in critically ill patients, hemodynamic effect of (Calvin, Driedger, Sibbald), 61
Fluorescein, monitoring tissue elimination of, with perfusion fluorometer: New method to assess capillary blood flow (Silverman et al), 409
Fluorometer, perfusion, monitoring tissue elimination of fluorescein with: New method to assess capillary blood flow (Silverman et al), 409
Foot, hemodynamic study of ischemic limb by velocity measurement in (Shionoya et al), 10
Forearm and hand ischemia, discriminant arteriographic criteria in management of (Erlandson et al), 1025
Fructose-1,6-diphosphate: Agent for treatment of experimental endotoxin shock (Markov et al), 482
Fundoplication-gastroplasty, combined Collis, operations for scleroderma reflux esophagitis (Orringer et al), 624

G

Gallstones after vagotomy, role of altered extrahepatic biliary function in pathogensis of (Pitt et al), 418
Gangrene, intestinal, mesenteric angiopathy, and midgut carcinoids (Eckhauser et al), 720
Gastric bypass: Analysis of weight loss and factors determining success (Halverson and Koehler), 446
  surgery, prophylactic cefazolin in (Pories et al), 426
  exclusion, subtotal, and gastric partitioning: Randomized prospective comparison of one hundred patients (Lechner and Callender), 637
  partitioning and bypass, mechanisms of satiety and gastric emptying after (Villar et al), 229
Gastrin release, postprandial, in dog, role of secretion on: Further study (Kim, Lee, Chey), 504
Gastroplasty-fundoplication, combined Collis, operations for scleroderma reflux esophagitis (Orringer et al), 624
Glucose, five-percent, metabolic and endocrine effects of fasting followed by infusion of (Elwyn et al), 810
  overproduction, epinephrine-induced hepatic, participation of glucagon in, and chromatographic pattern of extrapancreatic glucagon and glucagon-like immunoreactivity before and during stimulation by epinephrine (Lickley et al), 186
Graft(s), composite, utilizing polytetrafluoroethylene-autogenous tissue for lower extremity arterial reconstructions (Snyder et al), 881
  failure, atheroembolism as cause of, in femoral distal reconstruction (Flinn et al), 698
  femorofemoral, effects of, on postoperative sexual function: Correlation with penile pulse volume recordings (Merchant and DePalma), 962
  infection, prosthetic, uptake of radiolabeled leukocytes in (Serota et al), 35
  polytetrafluoroethylene and autogenous saphenous vein, for lower extremity ischemia, comparative review of early and intermediate patency rates of (Simone et al), 991
  vein, improved technique for preservation of endothelial morphology in (LoGerfo et al), 1015
  stenosis, value of routine vascular laboratory studies to identify (Berkowitz et al), 971
Gunshot wounds, transmediastinal, management of (Richardson et al), 671

H

Hand and forearm ischemia, discriminant arteriographic criteria in management of (Erlandson et al), 1025
Heart, artificial, approaches to (Pierce et al), 137
  hypothermic globally ischemic, three-hour preservation of, with nifedipine (Christlieb, Clark, Sobel), 947
Hematomas, unruptured intrahepatic, fate of (Geis et al), 689
Hemipelvectomy in lateral position, surgical technique of (Chretien and Sugarbaker), 900
Hemodynamics, portal, in dogs during mechanical ventilation with positive end-expiratory pressure (Bredenberg, Paskanik, Fromm), 817
Hemorrhage, recurrent, from stress ulcers, why vagotomy is not effective in preventing: Lack of sustained vagal control of gastric mucosal blood flow (Levine, Gaskill, Sirinek), 631
Hemorrhagic complications of severe pancreatitis (Stroud, Cullom, Anderson), 657
  shock and hepatic cell membrane permeability (Rush, Kraven, Ghuman), 489
Heparinization, intraoperative, activated clotting time monitoring of: Our experience and comparison of two techniques (Mabry et al), 889
Heterotopia, pancreatic—Rare cause of bowel obstruction (Anseline et al), 110
Hip disarticulation, surgical technique for (Sugarbaker and Chretien), 546
Histamine stimulation and inhibition of human cryopreserved parathyroid tissue (Sicard et al), 396
Host defenses against infection, nonspecific enhancement of: Experimental evidence of a new order of efficacy and safety (Polk et al), 376
Hyperalimentation and infused leucine, effects of, on amino acid metabolism in sepsis: Experimental study in vivo (Lindberg and Clowes), 278
  rationale for enteral feeding as preferable route for (McArdle et al), 616

Hypertension, portal, and occluded inferior vena cava: Problem in management (Harris et al), 493
renovascular, screening technique for: Digital video subtraction angiography (Osborne et al), 932

I

Ibuprofen and prostacyclin, treatment of aspiration pneumonia with (Utsunomiya et al), 170
Ileostomy continence, achieving with indwelling stomal device (Pemberton, Kelly, Phillips), 336
continent, experiments in development of: Simplified technique without a reservoir in dogs (Bokey et al), 459
Immunoreactivity, extrapancreatic glucagon and glucagon-like, chromatographic pattern of, before and during stimulation by epinephrine and participation of glucagon in epinephrine-induced hepatic glucose overproduction (Lickley et al), 186
Impotence, vasculogenic (letter) (Merchant), 563
Indomethacin enhancement of immunocompetence in melanoma patients (Tilden and Balch), 77
intravenously—A new way for effective relief of biliary pain: Double-blind study in man (Thornell, Jansson, Svanvik), 468
Infarction, postoperative myocardial: Prospective study in risk group of surgical patients (von Knorring), 55
Infection(s) after elective bypass surgery for lower limb ischemia: Influence of preoperative transcutaneous arteriography (Landreneau and Raju), 956
nonspecific enhancement of host defenses against: Experimental evidence of new order or efficacy and safety (Polk et al), 376
prosthetic graft, uptake of radiolabeled leukocytes in (Serota et al), 35
and trauma, influence of: Lipoprotein lipase activity in surgical patients (Robin et al), 401
Infusion, rapid fluid, hemodynamic effect of, in critically ill patients (Calvin, Driedger, Sibbald), 61
Inhalation injury, smoke, ventilation and perfusion alterations after (Robinson et al), 352
Injury(ies), inhalation, measurement of lung water in (Peitzman et al), 305
lung, endotoxin-induced, leukocytes, platelets, and thromboxane A_2 in (Smith et al), 102
pediatric vascular (Smith and Green), 20
renal arterial, caused by blunt trauma (Clark, Georgitis, Ray), 87
smoke inhalation, ventilation and perfusion alterations after (Robinson et al), 352
Insulin resistance, skeletal muscle, during *Escherichia coli* bacteremic shock in dog (Raymond, Harkema, Emerson), 853
Ischemia, brain stem, cervical vertebral angioplasty for (Imparato, Riles, Kim), 842
chronic intestinal, surgical management of: Reappraisal (Hollier et al), 940
forearm and hand, discriminant arteriographic criteria in management of (Erlandson et al), 1025
limb, limitations in long-term management of: Profundaplasty in perspective (Towne et al), 1037
lower extremity, comparative review of early and intermediate patency rates of polytetrafluoroethylene and autogenous saphenous vein grafts for (Simone et al), 991
infections after elective bypass surgery for: Influence of preoperative transcutaneous arteriography (Landreneau and Raju), 956
Ischemic heart, hypothermic globally, preservation of, with nifedipine (Christlieb, Clark, Sobel), 947

K

Kidney transplantation by use of splenectomy and transfusions, cadaver haplotype matching, suppressor cell assays, and T-cell monitoring (Severyn et al), 364

L

Laser, Yag, choledocholithotomy by, with choledochofiberscope: Case reports of two patients (Orii et al), 120
Leucine, infused, and hyperalimentation, effects of, on amino acid metabolism in sepsis: Experimental study in vivo (Lindberg and Clowes), 278
Leukocytes, radiolabeled, uptake of, in prosthetic graft infection (Serota et al), 35
Liebig Foundation Award, 503
Limb, ischemic, hemodynamic study of, by velocity measurement in foot (Shionoya et al), 10
Lipoprotein lipase activity in surgical patients: Influence of trauma and infection (Robin et al), 401
Liver, metastatic colorectal cancer to, resection (letter) (Wallack), 796; Reply (Wanebo), 797
Lung fluid balance during endotoxemia in unanesthetized sheep, comparison of effects of saline and homologus plasma infusion on (Nylander et al), 221
injury, endotoxion-induced, leukocytes, platelets, and thromboxane A_2 in (Smith et al), 102
localization, neutrophil-mediated, of bacteria: Mechanism for pulmonary injury (Lanser and Saba), 473
water, measurement of, in inhalation injury (Peitzman et al), 305
Lymphocyte immune response in healthy human beings, arginine stimulates (Barbul et al), 244
Lymphoma, advanced diffuse, a prospective randomized study of adjuvant parenteral nutrition in treatment of: Influence on survival (Popp et al), 195
Lymphoproliferative disorders, posttransplant, Epstein-Barr virus in pathogenesis of: Clinical, pathologic, and virologic correlation (Hanto et al), 204

M

Malignant disease, trauma, or sepsis, effect of nutritional support on immune competency in patients suffering from (Mullin and Kirkpatrick), 610
Manometry, biliary, and Nardi test, in diagnosis of pancreaticobiliary sphincter dysfunction (Madura et al), 588
Medical education, continuing: Who benefits? (editorial) (Greenburg), 123
Melanoma patients, indomethacin enhancement of immunocompetence in (Tilden and Balch), 77
Metastases, intravenous tumor, resistance to, in athymic nude mouse: Paradoxic response (Richie, McDonald, Gittes), 214
Methylxanthine-related fibrocystic breast disease, clinical and biochemial studies on (Minton et al), 299
Microvascular free tissue transfer, extremity salvage utilizing (Allen et al), 1047
surgery and diseased vessels (van Gelder and Klopper), 860
Morphology, endothelial, in vein grafts, improved technique for preservation of (LoGerfo et al), 1015
Mycotic emboli of peripheral vessels: Analysis of forty-four cases (Vo, Russell, Becker), 541
Myocardial infarction, postoperative: Prospective study in risk group of surgical patients (von Knorring), 55

N

Nardi test and biliary manometry in diagnosis of pancreaticobiliary sphincter dysfunction (Madura et al), 588
Needle aspiration cytology, reevaluation, in detection of thyroid cancer (Rosen et al), 747
Neoplasms, thyroid, thyrotropin binding and adenylate cyclase stimulation of (Clark et al), 252
Neutrophil dysfunction in sepsis. II. Evidence for role in complement activation products in cellular deactivation (Solomkin et al), 319
-mediated lung localization of bacteria: Mechanism for pulmonary injury (Lanser and Saba), 473
Nifedipine, three-hour preservation of hypothermic globally ischemic heart with (Christlieb, Clark, Sobel), 947
Nitrogen-sparing mechanisms of singly administered branched-chain amino acids in injured rat (Freund, James, Fischer), 237
Nutrition, adjuvant parenteral, in treatment of advanced diffuse lymphoma: Influence on survival, prospective randomized study of (Popp et al), 195

Nutritional support, effect of, on immune competency in patients suffering from trauma, sepsis, or malignant disease (Mullin and Kirkpatrick), 610

O

Obstruction, acute mechanical (letter) (Ravitch), 798; Reply (Bizer), 799
bowel, pancreatic heterotopia—Rare cause of (Anseline et al), 110
Occlusion, postendarterectomy carotid (Ortega et al), 1093
Occlusive disease, aortoiliac: Factors influencing survival and function following reconstructive operations over a twenty-five-year period (Crawford et al), 1055

P

Pain, biliary, new way for effective relief of—Indomethacin intravenously: Double-blind study in man (Thornell, Jansson, Svanvik), 468
Pancreas transplantation, segmental, from living related and cadaver donors: Clinical experience (Sutherland et al), 159
Pancreatectomy, total, pancreatoduodenal resection and—Institutional review (Cooperman et al), 707
Pancreatitis, idiopathic acute: Value of endoscopic retrograde cholangiopancreatography (Cooperman et al), 666
severe, hemorrhagic complications of (Stroud, Cullom, Anderson), 657
Parathyroid "double adenomas": Fact or fiction? (Verdonk and Edis), 523
function, determination of, after autotransplantation (letter) (Woloszczuk et al), 795; Reply (Edis), 796
tissue, human cryopreserved, histimine stimulation and inhibition of (Sicard et al), 396
Partitioning, gastric, subtotal gastric exclusion and: Randomized prospective comparison of one hundred patients (Lechner and Callender), 637
Pediatric vascular injuries (Smith and Green), 20
Pelvic abscess, a technique for transrectal drainage of (Johnson), 108
Penile pulse volume recordings, correlation with: Effects of femorofemoral grafts on postoperative sexual function (Merchant and DePalma), 962
Perforation, mucosal, management of, during pyloromyotomy for infantile pyloric stenosis (Hight et al), 85
Peritoneal responses to implanted fabrics used in operating rooms (Godleski and Gabriel), 828
Peritonitis, advanced, open peritoneal drainage as effective treatment of (Maetani and Tobe), 804
newer adjunctive treatments for (editorial) (Richardson and Polk), 917
Plasma amino acid patterns in experimental acute hepatic failure: Comparison between hepatectomy and liver devascularization in pigs (Mazziotti et al), 527
infusion, homologous, and saline, comparison of effects of, on lung fluid balance during endotoxemia in unanesthetized sheep (Nylander et al), 221
Pneumonia, aspiration, treatment of, with ibuprofen and prostacyclin (Utsunomiya et al), 170
Polyps, colonic, and coloduodenal fistula: Unusual complications in patients with cystic fibrosis (Mabogunje et al,) 114
Polytetrafluoroethylene-autogenous tissue for lower extremity arterial reconstructions, composite grafts utilizing (Snyder et al), 881
Popliteal aneurysms, review of one-hundred forty-seven, with long-term follow-up (Vermilion et al), 1009
arteries, and superficial femoral, as inflow sites for distal bypasses (Veith et al), 980
Pressure(s), common and internal carotid back (Miller) (letter), 563
positive end-expiratory, portal hemodynamics in dogs during mechanical ventilation with (Bredenberg, Paskanik, Fromm), 817
Profundaplasty in perspective: Limitations in long-term management of limb ischemia (Towne et al), 1037
Programs, training, in vascular surgery, evaluation of, 1099
Prostacyclin and ibuprofen, treatment of aspiration pneumonia with (Utsunomiya et al), 170
Prostaglandin E_2, 16,16-dimethyl, local effects of, on gastric blood flow and acid secretions (Cheung and Lowry), 291
Protein leak, pulmonary capillary and gamma scintigraphy, effects of pulmonary vascular recruitment on (Sugerman et al), 388
Pseudocyst formation, immediate traumatic pulmonary, in children (Blane et al), 872
Pseudotumor, abdominal hemophilic, management of (Coon and Penner), 735
Pulse, penile, volume recordings, correlation with: Effects of femorofemoral grafts on postoperative sexual function (Merchant and DePalma), 962
Pump-oxygenator, renal transplant protection during abdominal aortic aneurysmectomy with (Campbell et al), 559
Pyloromyotomy for infantile pyloric stenosis, management of mucosal perforation during (Hight et al), 85

R

Receptors, steroid hormone, distribution of, in human soft tissue sarcomas (Chaudhuri et al), 149
Reconstruction(s), complex aortic, during renal perfusion: Use of radial-renal artery shunt (Brewster, Davison, Ballentyne), 823
femoral distal, atheroembolism as cause of graft failure in (Flinn et al), 698
lower extremity arterial, composite grafts utilizing polytetrafluoroethylene-autogenous tissue for (Snyder et al), 881
Reconstructive operation, aortoiliac occlusive disease: Factors influencing survival and function following, over a twenty-five-year period (Crawford et al), 1055
Renal arterial injuries caused by blunt trauma (Clark, Georgitis, Ray), 87
perfusion during complex aortic reconstruction: Use of radial-renal artery shunt (Brewster, Davison, Ballentyne), 823
transplant protection during abdominal aortic aneurysmectomy with pump-oxygenator (Campbell et al), 559
Resection, pancreatoduodenal, and total pancreatectomy—An institutional review (Cooperman et al), 707
Revascularization, simultaneous, for complex brachiocephalic and coronary artery disease (Selle et al), 97

S

Sarcomas, human soft tissue, distribution of steroid hormone receptors in (Chaudhuri et al), 149
Scintigraphy, gamma, effects of pulmonary vascular recruitment on, and pulmonary capillary protein leak (Sugerman et al), 388
and pulmonary capillary protein leak, effects of pulmonary vascular recruitment on (Sugerman et al), 388
Screening technique for renovascular hypertension: Digital video subtraction angiography (Osborne et al), 932
Sepsis, abdominal, managed by leaving abdomen open (Duff and Moffat), 774
effects of hyperalimentation and infused leucine on amino acid metabolism in: Experimental study in vivo (Lindberg and Clowes), 278
intraperitoneal, sign of: Multiple-organism bacteremia in surgical intensive care unit (Ing, McLean, Meakins), 779
malignant disease, or trauma, effect of nutritional support on immune competency in patients suffering from (Mullin and Kirkpatrick), 610
neutrophil dysfunction in. II. Evidence for role of complement activation products in cellular deactivation (Solomkin et al), 319
Sexual function, postoperative, effects of femorofemoral grafts on: Correlation with penile pulse volume recordings (Merchant and DePalma), 962
Shock, *Escherichia coli* bacteremic, in dog, skeletal muscle insulin resistance during (Raymond, Harkema, Emerson), 853
experimental endotoxin, agent for treatment of: Fructose-1,6-diphosphate (Markov et al), 482
hemorrhagic, effect of ATP-$MgCl_2$ infusion on hepatic cell permeability and metabolism after (Machiedo et al), 328
and hepatic cell membrane permeability (Rush, Kraven, Ghuman), 489

Shunt(ing), arterial and venous (letter) (Freed), 799
distal splenorenal, assessment of modified technique of (Rudo et al), 602
radial-renal artery, use of: Renal perfusion during complex aortic reconstruction (Brewster, Davison, Ballentyne), 823
Silicone rubber catheter insertion, direct central vein puncture for: Alternative technique for Broviac catheter placement (Stellator, Gauderer, Cohen), 896
Skin autografts to cover exposed renal allografts (Paley et al), 910
Society for Clinical Vascular Surgery Award, 503
of University Surgeons presidential address: "Real people" (Curreri), 127
for Vascular Surgery presidential address: Vascular surgery—"A part of the main" (Mannick), 927
Sphincter dysfunction, pancreaticobiliary, Nardi test and biliary manometry in diagnosis of (Madura et al), 588
Spleen, injured, selective management of (King et al), 677
traumatized, preservation of splenic function by autotransplantation of, in man (Patel et al), 683
Stenosis, iliac and profunda femoris artery, intraoperative assessment of the hemodynamic significance of (Archie and Feldtman), 876
infantile pyloric, management of mucosal perforation during pyloromyotomy for (Hight et al), 85
vein graft, value of routine vascular laboratory studies to identify (Berkowitz et al), 971
Surgeons "out there" (letter) (Sarfeh), 1103
Surgery and anesthesiology, current relations between—Look at other side: Presidential address (Freeark), 565
biliary tract, and cirrhosis: Critical combination (Schwartz), 577
cardiovascular, intraoperative anticoagulation in (Effeney et al), 1068
cardiovascular, natural history of asymptomatic carotid disease in patients undergoing (Barnes et al), 1075
elective bypass for lower limb ischemia, infections after: Influence of preoperative transcutaneous arteriography (Landreneau and Raju), 956
gastric bypass, prophylactic cefazolin in (Pories et al), 426
microvascular, and diseased vessels (van Gelder and Klopper), 860
vascular—"A part of the main": Society for Vascular Surgery presidential address (Mannick), 927
evaluation of training programs in, 1099

T

Thromboendarterectomy, ileofemoral, through retroperitoneal approach (Sonnenfeld), 868
Thrombophlebitis, superficial, surgical treatment of (Lofgren and Lofgren), 49
Thyroid cancer, reevaluation of needle aspiration cytology in detection of (Rosen et al), 747
Thyrotropin binding and adenylate cyclase stimulation in thyroid neoplasms (Clark et al), 252
Tissue transfer, free, extremity salvage utilizing microvascular (Allen et al), 1047
Transplant, perineal anal, in low anorectal anomalies (Saxena et al), 464
renal, protection during abdominal aortic aneurysmectomy with pump-oxygenator (Campbell et al), 559
Transplantation, kidney, by use of splenectomy and transfusion, cadaver haplotype matching, suppressor cell assays, and T-cell monitoring (Severyn et al), 364
renal, failure of cimetidine to prevent gastroduodenal ulceration and bleeding after (Schiessel et al), 456
segmental pancreas, from living related and cadaver donors: Clinical experience (Sutherland et al), 159
Trauma, blunt, renal arterial injuries caused by (Clark, Georgitis, Ray), 87
and infection, influence of: Lipoprotein lipase activity in surgical patients (Robin et al), 401
sepsis, or malignant disease, effect of nutritional support on immune competency in patients suffering from (Mullin and Kirkpatrick), 610
Tumor(s) challenge in mice, cimetidine protection against lethal (Gifford, Voss, Ferguson), 344
malignant glucagon-producing, operative and chemotherapeutic management of (Prinz et al), 713
metastases, intravenous, resistance to, in athymic nude mouse: Paradoxic response (Richie, McDonald, Gittes), 214

U

Ulceration, gastroduodenal, and bleeding after renal transplantation, failure of cimetidine to prevent (Schiessel et al), 456
Ulcers, stress, why vagotomy is not effective in preventing recurrent hemorrhage from: Lack of sustained vagal control of gastric mucosal blood flow (Levine, Gaskill, Sirinek), 631
University Surgeons, Society of, presidential address: "Real people" (Curreri), 127

V

Vagotomy, is not effective in preventing recurrent hemorrhage from stress ulcers, why: Lack of sustained vagal control of gastric mucosal blood flow (Levine, Gaskill, Sirinek), 631
role of altered extrahepatic biliary function in pathogenesis of gallstones after (Pitt et al), 418
Vascular laboratory, routine, studies, to identify vein graft stenosis, value of (Berkowitz et al), 971
surgery—"A part of the main": Society for Vascular Surgery presidential address (Mannick), 927
evaluation of training programs in, 1099
Vasodilators, contrasting effects of, on oxygen tension and membrane potential of canine gastric surface epithelium (Bowen et al), 41
Vein graft(s), improved technique for preservation of endothelial morphology in (LoGerfo et al), 1015
stenosis, value of routine vascular laboratory studies to identify (Berkowitz et al), 971
saphenous, used "in situ," increased patency and utilization of saphenous (Leather, Shah, Karmody), 1000
Vena cava, occluded inferior, and portal hypertension: Problem in management (Harris et al), 493
Ventilation, mechanical, with positive end-expiratory pressure, portal hemodynamics in dogs during (Bredenberg, Paskanik, Fromm), 817
Ventricle, right, effect of electrical stimulation on diaphragmatic muscle used to enlarge (Macoviak et al), 271
Virus, Epstein-Barr, in pathogenesis of posttransplant lymphoproliferative disorders: Clinical, pathologic, and virologic correlation (Hanto et al), 204

W

Wound-healing angiogenesis, regulation of—Effect of oxygen gradients and inspired oxygen concentration (Clark et al), 262
Wounds, transmediastinal gunshot, management of (Richardson et al), 671

Y

Yag laser, choledocholithotomy by, with choledochofiberscope: Case reports of two patients (Orii et al), 120
